

Dear FCC Commissioners & Staff:

My name is Terry Sellars and I am writing regarding your reconsideration of the rules that require telephone companies to provide ISPs access to the public swithced phone network. Removal of these requirements would be a grave mistake.

I depend on my local internet service providerR to give me services not available from the large newwork telephone carriers and I DO NOT WANT YOU TO FORCE ME TO USE ONE ON THE LARGE INTERNET SERVICE PROVIDERS. If you choose to remove my ISPs access to the public phone network, it will no longer be able to provide me with the level of service I have come to enjoy and which I know from past experience I cannot get from the large ISPs. Such action will also inevitably decrease competition and increase allonsumer's cost of internet access.

PLEASE CONTINUE TO PROTECT THE ISPs ACCESS TO THE PUBLIC TELEPH0ONE NETWORKS, THEREBY PROTECTING THE RIGHTS OF MILLIONS OF CONSUMERS LIKE ME.

Sincerely,

Terry Sellars
